Owners: Individually owned

Date of Erection: Between 1824 and 1832

Present Condition: Well kept.

Number of Stories: Two and one half

Materials of Construction: Brick; east wall stuccoed; marble or wood steps, sills and lintels. Brick cornices; large and frequent chimneys; large stuccoed frame dormers. Tin roofs, formerly shingle.

Other Existing Records: Offices of Recorder of Deeds and Register of Wills of New Castle County.

Additional Data: These houses replaced those destroyed by the fire of 1824. They are plain and but slightly decorated. The green blinds above and white shutters below are as usual. The green door blinds were common a generation ago, but there is a tendency at present to eliminate them. The store porch, with its scroll wood valance is an unusual feature.
